

SCOPE is a platform that promotes collaborative work between primary care, hospital services, and community health partners to serve patients with complex needs. Primary care providers registered with SCOPE can connect to internists, outpatient services, diagnostic imaging, and home and community care services through a single point of access.

**To register, click [here](#)  
or email [vzefkic@hrh.ca](mailto:vzefkic@hrh.ca) or visit [www.hrh.ca/scope](http://www.hrh.ca/scope)**

Once registered with SCOPE, PCPs can call in and get access to the following:
